

## NEWS RELEASE

### Hufvudstaden welcomes Fabrique

**In the beginning of 2023, Fabrique will open a new bakery in one of Hufvudstaden's properties at Slussplan 5-9 on Gamla Stan, Stockholm's Old Town. The approximately 240 square metre-premises will be divided into a shop and bakery sections.**

Fabrique is a Stockholm-based artisanal stone oven bakery with a simple business idea: they bake sourdough bread in stone ovens with pure natural ingredients using traditional methods and craftsmanship. Fabrique was founded in 2008 by David and Charlotta Zetterström and today the company has outlets in Stockholm, London, New York and on Gotland.

- *"We're delighted that that Fabrique is opening in our premises on Gamla Stan. They will be a welcome addition to the area for all those passing through and for the ones who work in and around our property," says Emanuel Westin, Head of Business Development, Retail at Hufvudstaden.*
